

Oral Health Screening Resource Card

To determine dental treatment urgency, please refer to the following examples.

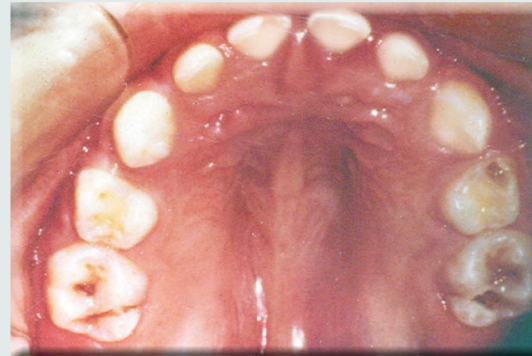

#0

#0 Treatment Urgency

If the child's teeth look like those above, there is *no obvious problem* and routine dental care is recommended.

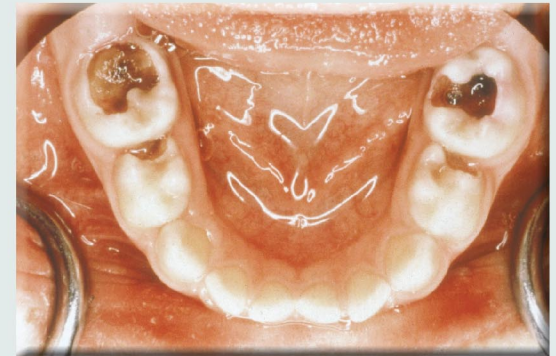

#1

#1 Treatment Urgency

If the child's teeth look like those above, there is an *early dental need* for dental care and a dental appointment should be made.

#2

#2 Treatment Urgency

If the child's teeth look like those above, there is an *emergency need* for dental care. Please contact a dentist immediately.
